Camp Fire
CAMP FIRE

*Write for Virden's packet of tested Camp Fire recipes.*

## "You'll note the difference"

—for Virden's Camp Fire hams and bacon possess that inimitable flavor found only in Camp Fire products.

A rare enjoyment is always realized when Camp Fire hams and bacon are served whether for breakfast, luncheon or dinner. They are appropriate and pleasing for all occasions.

A baked Camp Fire ham is economical for the host, as there is no waste, and is an added delight to the guest.

Virden's Camp Fire bacon sizzling on the range, sends forth an aroma that whets the appetite. With your first taste you are convinced that "You'll note the difference" is rightly claimed as a Virden slogan.

Eastern corn-fed animals, with the mild Camp Fire sugar cure, are reasons enough why they are such favorites.

# He Trained for Business Success at Heald's

With no previous business experience, this young man entered Heald's and in eight month's time was graduated from the Business Course. The school Employment Department promptly placed him with a leading San Francisco business concern, as an office accountant.

For six months he handled the work of this position in a capable manner, when his employers promoted him to the sales department. The young man is now making splendid progress in saleswork, and in time will be counted among the big successes in his line.

Equipped with a Heald Training you, too, can make your business career one of frequent promotions and salary increases. A practical, thorough, well-balanced study of business **facts** develops your powers of straight thinking and independent action. The training is a solid groundwork upon which to base your rise to well-paid executive positions or as head of your own business.

ONE OF 200 POLK DIRECTORY LIBRARIES

# This Little Library Can Answer 945,000,000 Questions

MANY TRIPS AT YOUR FINGER-TIPS —
SAVE MANY MILES, MINUTES and DOLLARS

There are over 300 of these directory libraries in the United States. They are installed and maintained by the Association of North American Directory Publishers as part of the service given to directory advertisers.

Think what this means to you in effort, time and money saved. You want to know the relationship of the signer of a letter to the firm he represents—the directory library has the answer; someone you vitally need to get in touch with in a distant city has moved; business addresses or firm names have changed—the directory library has the answer. Public officials have been replaced by new elections; location of real estate is desired—again the directory library holds the answer.

Of course you could write or phone for the data you desire, but maybe you don't know just who to approach—the directory library has the answer.

This service is free, for single reference, to the public.
